Description
Winner of the Prairie Schooner Book Prize in Fiction, the stories in *Better Times* focus on what's happening in places people don't think to look. Women, sometimes displaced, often lonely, are at the heart of these stories. In *Better Times* Sara Batkie focuses on the moments in women's lives when the wider world is wrapped up in other matters: a father and daughter separated by time and an archipelago of each other is not in a *Show more*

Açıklama

Magnetic resonance imaging (MRI) is a technique used in biomedical imaging and radiology to visualize internal structures of the body. Because MRI provides excellent contrast between different soft tissues, the technique is especially useful for diagnostic imaging of the brain, muscles, and heart. In the past 20 years, MRI technology has improved significantly with the introduction of systems up to 7 Tesla (7 T) and with the
